- Early Career Researcher Forum @ISBE_ECR

Research in Enterprise Education Col

Launched with Enterprise Educators UK, the Research in Enterprise Education COI is intended to explicitly link together the research and practice arms of the Enterprise Education discipline.

The COI has the following aims:

- to encourage and support educational practitioners to produce research output;
- to facilitate the development of potential research projects and partnerships between researchers and practitioners;
- to host activities where researchers and practitioners exchange expert knowledge;
- to act as an expert group to inform policy responses and calls for evidence.

Research

- The International Journal of Entrepreneurial Behaviour & Research (IJEBR)
- Research and Knowledge Exchange (RAKE) Fund
- Annual Conference – Newcastle 14-15 November 2019
